

# POWERSUPPLIES

## Gigabit PoE injector, 15.4W

- Complies with IEEE802.3af
- Support 10/100/1000Base T Ethernet
- Possible to use with up to 100m cable
- Two LED indicates function and power
- Easy screw mounting with 4-way holes on the backside

### Technical data:

#### Input:

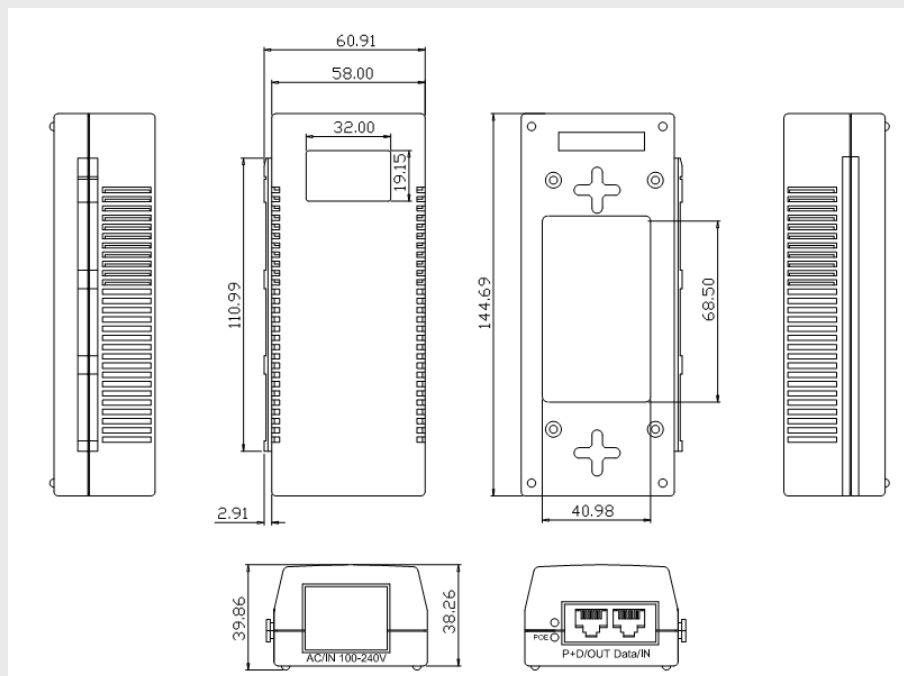

Input voltage: 90-264VAC  
Frequency: 47-63 Hz  
Input current max: 0.8A/90VAC  
Input connection: IEC320 3-pole, C14

#### Output:

Output voltage: 48VDC  
Output current: 320mA  
PoE pin output: 1/2 (+), 3/6 (-)  
PoE connections: 8P8C, shielded RJ-45 jack  
Line/load regulation: +/-2%  
Ripple: Max 1%  
Temperature range: 0°C...+45°C  
LED indications: Green indicates "PoE function"  
Yellow indicates "AC power on"

Size: 145x60x40mm  
Weight: 350g  
Safety and EMC: CE/FCC/LVD EN60950:2006
